

Garden/Horticulture Internship 2022

Downtown Greens is a nonprofit founded in 1995 in downtown Fredericksburg with a mission to foster community involvement and growth by protecting and nurturing urban greenspace through collaborative environmental stewardship and experiential education.

Position: Garden/Horticulture Intern

Internship Description:

This internship is designed to give interested college students and recent graduates an immersive experience working on the garden/horticulture team of a local nonprofit organization, Downtown Greens. It provides practical experience in a hands-on setting and gives participants the chance to develop skills needed for a career in gardening and garden coordinating, such as for botanical gardens or parks.

The Garden/Horticulture Intern will gain experience with all aspects of garden coordinating: identifying plants, potting seedlings and cuttings, assisting with volunteer garden hours, landscaping and other physical work, developing maps of garden beds, and maintenance of non-planted areas and lawns.

Responsibilities could include:

- Perform various landscape maintenance including weeding, mulching, edging, raking, and watering planted areas as needed
- Plant seeds, shrubs, and flowers in designated areas
- Assist with coordination of volunteers
- Assist with native and invasive plant identification
- Assist with development of garden bed maps
- Assist with on-going and new projects
- On-the-job training and shadowing with Garden Coordinator

Preferred Qualifications

- Must enjoy and have enthusiasm for working outdoors
- Experience working in outdoor gardening and plant care
- Knowledge of native and ornamental plant materials, intermediate plant identification and gardening skills
- Considerable ability to communicate clearly and effectively with the public and staff members
- Ability to perform manual labor in a variety of weather conditions
- Experience in Horticulture, Botany, Ecology, or Environmental Science is a plus

Location and Hours:

Position will be located at the Downtown Greens garden space in Fredericksburg, VA with possibility for remote work as well.

- Plant identification, map making, and research can occur in the office space or remotely.
- Hours will vary depending on the individual's schedule, availability, and how many college credits they seek, if any.
